

With the help of Nestlé HealthCare Nutrition,

I will start school

When Joey's GI function became impaired, he was upset that he was unable to start school with the rest of his friends from nursery. With the help of Peptamen® Junior, his malabsorption is improving, his strength is returning, and he can't wait to see his friends in the playground.

For further information call the Nestlé HealthCare Nutrition Customer Careline on **020 8667 5130** or visit nestlenutrition.co.uk/healthcare

Nestlé HealthCare Nutrition produces a range of food and drinks for special medical purposes for use under medical supervision for patients requiring either an oral nutritional supplement or a sole source of nutrition. The account in this advertisement is fictional but based on accounts from real patients who have been malnourished. Any resemblance to actual persons or situations is entirely coincidental.
