## Changes to Nestlé Nutrition Products

Thank you for prescribing Resource® Shake and Resource® Fruit Flavour Drink for your patients.

Nestlé Nutrition are committed to providing high quality, great tasting nutritional supplements for patients with or at risk of malnutrition.

We have recently made improvements to our range of nutritional supplements, and would like to take this opportunity to inform you of the changes.

Resource®  
Shake

discontinued and  
replaced with

Resource®  
Energy

Resource®  
Fruit Flavour  
Drink

discontinued and  
replaced with

Resource®  
Fruit

Resource® Energy provides your patient with similar energy levels to Resource® Shake, but an increased protein level per serving.

Resource® Fruit has a similar nutritional profile to Resource® Fruit Flavour Drink, but has improved taste due to the use of real fruit juice.

**Both Resource® Energy and Resource® Fruit are available in a number of popular flavours and come in a convenient 200ml bottle.**

Please find overleaf a summary of the changes we have made in upgrading these products.

Enhancing the quality of life
